

Distinctiveness of the Institution

Rabindranath Thakur Mahavidyalaya is the first college among all the degree colleges in Tripura to introduce assembly where Rabindra Charcha, i.e., philosophy of Tagore is discussed. Apart from Assembly, there are also Rabindra Charcha classes where the ideologies of Rabindranath Tagore are inculcated among the students. The College focuses on the holistic development of the students and exposes the students throughout their educational programme to mentors, experts, and professionals. To develop practical experiences among students they are motivated to take part in different festivals and exhibitions. By taking part in various programmes and events, the students actively participate to spread the humanistic philosophy of Tagore. Rabindra Charcha, therefore, aims for all round development of students to make them empathetic human being.

Rabindranath Thakur Mahavidyalaya is situated in the rural area and the Institute adopted a village named Munda Para under Harishnagar Gram Panchayat where most of the villagers are under below poverty level. The Institute giving its best for the wellbeing of the villagers. To develop and maintain a sense of bonding and togetherness to the adopted village, the Institution do different types of welfare activities to develop the lifestyle of the villagers. Like-

With the initiatives of the Rabindranath Thakur Mahavidyalaya and Cooperation of Jiladhipati, Smt. Supriya Das Datta, solar light was installed in the College approach Road which benefited the local villagers along with students, especially the girl students of the college.

The Institution try to engage the people of the adopted village almost in every program of the Institution

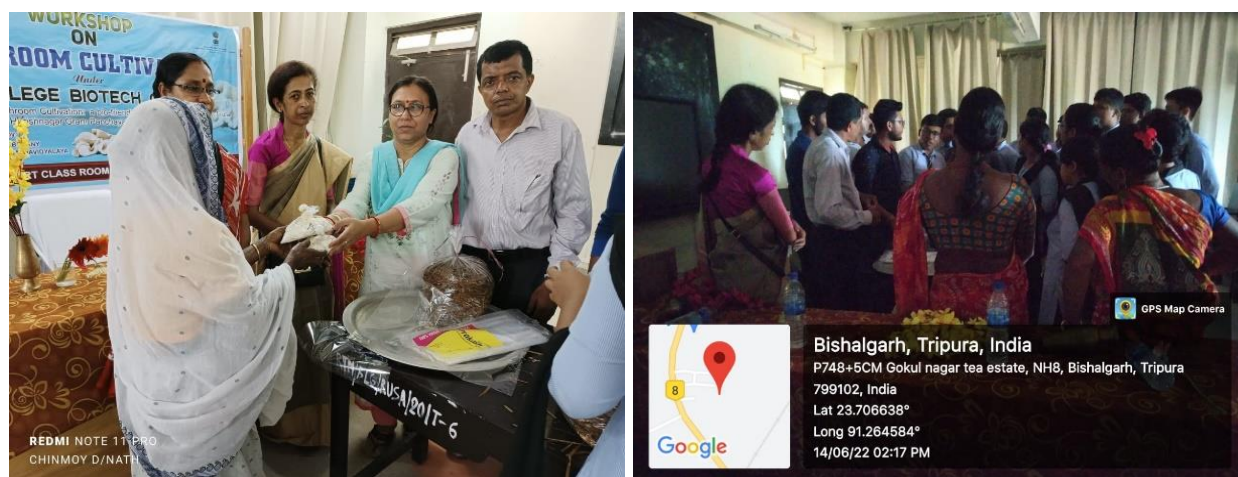

Children of the adopted village participated in the program of 15th August and Republic Day

Legal Awareness program on Anti-Tobacco Day-2022, where local people from adopted village were also present which motivated them not to take tobacco product which is harmful for health

Initiative was taken by the NSS unit of RTM to distribute sapling of different important varieties among the villagers of Harishnagar Gram Panchayat to create a green and fresh environment

RTM, College Biotech club organized a Workshop on Mushroom cultivation in which along with our students, women from adopted village were also participate through which they can become self-independent

The Department of Zoology visited the adopted village regularly along with students to examine primarily the water quality of the water bodies present there which help the villagers in fish culture.

Science Forum in collaboration with Zoology Department, RTM, Bishalgarh organized a Workshop cum Training Programme“ on Aquatic Environment Management for fisheries & rural livelihood security” in which people from adopted village were also participated. From that workshop they get detailed knowledge about fish farming and the training part also enabled them to examine the water quality of their water bodies at the primary level.
